

PC/Windows

CX 8 - Requirements - What are the Windows/PC system requirements?

Here are the system requirements for Design 3D CX 8 on Windows/PC:

- OS: Windows 10 or later (64-bit)
- 64-bit (x64) processor
- Memory: 8 GB of RAM (more is highly recommended)
- Hard Disk Space: 5 GB of available hard-disk space for install
- Display: 1152 x 864 capable display (more recommended)
- 3D graphics card with the latest driver updates (cards with more VRAM typically work better)

Unique solution ID: #1478
