

NOTE: Enfold 3D CX Discontinued

Is Enfold 3D CX still available?

Strata Enfold 3D has been reabsorbed into the powerful Esko Studio. Strata has discontinued sales of Enfold 3D as our licensing agreement for this product has reached its conclusion.

For users still looking to add 3D plug-ins to Adobe Illustrator, we recommend checking out Esko Studio for Boxes, part of the Studio line of plug-ins. Users of Esko Studio will still be able to import their projects into Strata Design 3D CX for further design work.
