

ScriptFX/Lua

Lua Scripting - I understand Design 3D CX has powerful Lua scripting capability. Where can I find more information?

Here is the current version of the LUA scripting documentation for Strata Design 3D CX 7. You can also access this from the Help menu in Design 3D CX 6 or 7.

There is also discussion forum on the StrataCafe specifically for Lua scripting: http://www.stratacafe.com/forum/forum.asp?FORUM_ID=23
