

Distributing Artwork

Large Graphics - I used the Distribute command, but it looks wrong in the 3D View palette.

This can happen when the graphic that you want to distribute is too large to display properly. You may want to create clipping masks, using the standard Illustrator tools.

For more information about how to do this, see the FAQ section of the Enfold User Guide. You can access the User Guide in Illustrator by selecting Help > Strata Enfold 3D CX > User Guide. The FAQ section is at the bottom of the menu.
